

ADV2023_264 Red Hat security advisory (October 6, 2023)

Red Hat has published a security advisory highlighting vulnerabilities in the following product on October 3, 2023. It is recommended that you take the necessary precautions by ensuring your products are always updated.

- Red Hat Enterprise Linux Server – versions AUS 7.6 x86_64 and AUS 7.7 x86_64

For more information on this update, you can follow these URLs:

1. [Red Hat Enterprise Linux 7.6 Advanced Update Support](#)
2. [Red Hat Enterprise Linux 7.7 Advanced Update Support](#)

The Guyana National CIRT recommends that users and administrators review this update and apply it where necessary.
