

## ADV2022\_152 Cisco Security Advisory (20th June 2022)

Cisco has published a security advisory highlighting vulnerabilities in the following products on the 15th of June 2022. It is recommended that you take the necessary precautions by ensuring your products are always updated.

- Secure Email and Web Manager – multiple versions
- Email Security Appliance – multiple versions

For more information on these updates, you can follow this URL:

<https://tools.cisco.com/security/center/content/CiscoSecurityAdvisory/cisco-sa-sma-esa-auth-bypass-66kEcxQD>

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
