

ADV2022_258 Cisco Security Update (14th January 2022)

Cisco has published a security advisory to address a vulnerability in the following products on the 12th of January 2022. It is recommended that you take the necessary precautions by ensuring your products are always updated.

- Cisco Unified Contact Centre Domain Manager – multiple versions
- Cisco Unified Contact Centre Management Portal – multiple versions

For more information on these updates, you can follow this URL:

<https://tools.cisco.com/security/center/content/CiscoSecurityAdvisory/cisco-sa-ccmp-priv-esc-JzhTFLm4>

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
