

ADV2023_62 Red Hat Security Advisory (16th March 2023)

Red Hat has published a security advisory to address vulnerabilities affecting the following products on the 15th of February 2023. It is recommended that you take the necessary precautions to ensure your products are always protected.

- Red Hat CodeReady Linux Builder – multiple versions and platforms
- Red Hat Enterprise Linux – multiple versions and platforms
- Red Hat Enterprise Linux Server – multiple versions and platforms

For more information on these updates, you can follow this URL:

https://access.redhat.com/security/security-updates/#/security-advisories?q=&p=2&sort=portal_publication_date%20desc&rows=10&portal_advisory_type=Security%20Advisory&documentKind=PortalProduct

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
