ADV2025_183 Drupal Security Advisory (July 4th, 2025)

Drupal has published a security advisory highlighting vulnerabilities in the following products on July 2nd, 2025. It is recommended that you take the necessary precautions by ensuring your products are always updated.

- Config Pages Viewer – versions prior to 1.0.4
- Two-factor Authentication (TFA) – versions prior to 1.11.0

For more information on these updates, you can follow these URLs:

- [Config Pages Viewer - Critical - Access bypass - SA-CONTRIB-2025-086](#)
- [Two-factor Authentication \(TFA\) - Less critical - Access bypass - SA-CONTRIB-2025-085](#)
- [Drupal Security Advisories](#)

The Guyana National CIRT recommends that users and administrators review these updates and apply it where necessary.
