ADV2025_364 Esri Security Advisory (October 10th, 2025)

Esri published a security advisory to address a critical vulnerability in the following product on October 6, 2025. It is recommended that you take these necessary precautions by ensuring your products are always updated.

- ArcGIS Server – versions 11.3, 11.4 and 11.5

For more information on this update, you can follow this URL:

- [ArcGIS Server Feature Services Security Patch](#)
- [Esri Security Advisories](#)

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
