ADV2025_242 Splunk Security Advisory (August 5th, 2025)

Splunk has published a security advisory highlighting vulnerabilities in the following products on July 30th, 2025. It is recommended that you take the necessary precautions by ensuring your products are always updated.

- Splunk User Behavior Analytics (UBA) – versions prior to 5.4.3
- Enterprise Security – versions prior to 7.3.4
- Enterprise Security – versions prior to 8.1.0

For more information on these updates, you can follow these URLs:

- Third-Party Package Updates in Splunk User Behavior Analytics (UBA) - July 2025
- Third-Party Package Updates in Enterprise Security 7.3.4 - July 2025
- Third-Party Package Updates in Enterprise Security 8.1.0 - July 2025
- Splunk Security Advisories

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
