ADV2026_161 Google Security Advisory (March 16th, 2026)

Google published a security advisory highlighting vulnerabilities in the following product on March 13, 2026. It is recommended that you take the necessary precautions by ensuring your product is always updated.

- Stable Channel Chrome for Desktop – versions prior to 146.0.7680.80 (Windows/Mac) and 146.0.7680.80 (Linux)

For more information on this update, you can follow these URLs:

- [Google Chrome Security Advisory](#)
- [CISA KEV: CVE-2026-3909](#)

The Guyana National CIRT recommends that users and administrators review this update and apply it where necessary.
