ADV2024_137 Dell Security Advisory (7th May 2024)

Dell has published a security advisory to address vulnerabilities affecting the following product on April 30, 2024. It is recommended that you take the necessary precautions to ensure your products are always protected.

- Dell PowerProtect DD2200 appliance – versions prior to 6.2.1.110

For more information on this update, you can follow this URL:

[Dell Technologies PowerProtect DD Security Update for Multiple Third-Party Component Vulnerabilities](#)

The Guyana National CIRT recommends that users and administrators review this update and apply it where necessary.
