ADV2025_56 Red Hat Security Advisory (21st February 2025)

Red Hat has published a security advisory to address vulnerabilities affecting the following products between February 10 and 16, 2025. It is recommended that you take the necessary precautions to ensure your products are always protected.

- Red Hat CodeReady Linux Builder – multiple versions and platforms
- Red Hat Enterprise Linux – multiple versions and platforms
- Red Hat Enterprise Linux Server– multiple versions and platforms

For more information on these updates, you can follow this URL:

https://access.redhat.com/security/security-updates/security-advisories

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
