

ADV2024_205 Red Hat Security Advisory (June 19th, 2024)

Red Hat has published a security advisory highlighting vulnerabilities in the following products between June 10th and 16th, 2024. It is recommended that you take the necessary precautions by ensuring your products are always updated.

- Red Hat Enterprise Linux Server – multiple versions and platforms
- Red Hat Enterprise Linux – multiple versions and platforms
- Red Hat CodeReady Linux Builder – multiple versions and platforms
- Red Hat Enterprise Linux for Real Time – multiple versions and platforms

For more information on these updates, you can follow these URLs:
