## **ADV2026\_215 Red Hat Security Advisory (April 7<sup>th</sup>, 2026)**

Red Hat published a security advisory highlighting vulnerabilities in the following products between March 30 and April 5, 2026. It is recommended that you take the necessary precautions by ensuring your products are always updated.

- Red Hat CodeReady Linux Builder - multiple versions and platforms
- Red Hat Enterprise Linux - multiple versions and platforms
- Red Hat Enterprise Linux Server - multiple versions and platforms
- Red Hat Enterprise Linux for Real Time - multiple versions and platforms

For more information on these updates, you can follow this URL:

- [Red Hat Security Advisories](#)

The Guyana National CIRT recommends that users and administrators review these updates and apply where necessary.
