

## ADV2024\_107 Citrix Security Advisory (12th April 2024)

Citrix has published a security advisory to address vulnerabilities affecting the following products on April 11, 2024. It is recommended that you take the necessary precautions to ensure your products are always protected.

- XenServer – version 8
- Citrix Hypervisor – version 8.2 CU1 LTSR

Exploitation of these vulnerabilities could allow information disclosure and denial of service.

For more information on these updates, you can follow these URLs:
