

ADV2024_56 Dell Security Advisory (5th March 2024)

Dell has published a security advisory to address vulnerabilities affecting the following products between February 26 and March 3, 2024. It is recommended that you take the necessary precautions to ensure your products are always protected.

- Dell Protection Advisor – version 19.9
- Dell Secure Connect Gateway – version 5.20.00.10

For more information on these updates, you can follow this URL:

<https://www.dell.com/support/security/en-ca>

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
