

ADV2026_02 Google Security Advisory (January 07th, 2026)

Google published a security advisory highlighting vulnerabilities in the following product on January 6, 2026. It is recommended that you take the necessary precautions by ensuring your product is always updated.

- Stable Channel Chrome for Desktop – versions prior to 143.0.7499.192/.193 (Windows/Mac) and 143.0.7499.192 (Linux)

For more information on this update, you can follow this URL:

- [Google Chrome Security Advisory](https://chromereleases.googleblog.com/2026/01/stable-channel-update-for-desktop.html)

The Guyana National CIRT recommends that users and administrators review this update and apply it where necessary.
