

ADV2024_187 Red Hat Security Advisory (6th June 2024)

Red Hat has published a security advisory to address vulnerabilities affecting the following products between May 27 and June 2, 2024. It is recommended that you take the necessary precautions to ensure your products are always protected.

- Red Hat CodeReady Linux Builder – multiple versions and platforms
- Red Hat Enterprise Linux – multiple versions and platforms
- Red Hat Enterprise Linux Server – multiple versions and platforms
- Red Hat Virtualization Host 4 for RHEL 8 x86_64

For more information on these updates, you can follow this URL:
