

ADV2026_128 Django Security Advisory (March 4th, 2026)

Django published a security advisory highlighting vulnerabilities in the following products on March 3, 2026. It is recommended that you take the necessary precautions by ensuring your products are always updated.

- Django 4.2 – versions prior to 4.2.29
- Django 5.2 – versions prior to 5.2.12
- Django 6.0 – versions prior to 6.0.3

For more information on these updates, you can follow this URL:

- [Django Security Advisory](#)

The Guyana National CIRT recommends that users and administrators review this update and apply it where necessary.
