ADV2025_51 Google Chrome Security Advisory (18th February 2025)

Google has published a security advisory to address vulnerabilities affecting the following products on February 12, 2025. It is recommended that you take the necessary precautions to ensure your products are always protected.

- Stable Channel Chrome for Desktop versions prior to 133.0.6943.98/.99 (Windows and Mac) and 133.0.6943.98 (Linux)

For more information on these updates, you can follow this URL:

https://chromereleases.googleblog.com/2025/02/stable-channel-update-for-desktop_12.html

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
