

ADV2024_23 Microsoft Edge Security Advisory (2nd February 2024)

Microsoft Edge has published a security advisory to address vulnerabilities affecting the following products on February 1, 2024. It is recommended that you take the necessary precautions to ensure your products are always protected.

- Microsoft Edge Stable Channel – versions prior to 121.0.2277.98
- Microsoft Edge Extended Stable Channel – versions prior to 120.0.2210.167

For more information on these updates, you can follow this URL:

<https://learn.microsoft.com/en-us/DeployEdge/microsoft-edge-relnotes-security#february-1-2024>

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
