ADV2025_01 Dell Security Advisory (January 7th, 2025)

Dell has published a security advisory highlighting vulnerabilities in the following products between December 30th, 2024, and January 5th, 2025. It is recommended that you take the necessary precautions by ensuring your products are always updated.

- Apache Tomcat on Dell OpenManage Server Administrator – versions prior to 11.1.0.0
- Apache Tomcat on Dell Systems Management Tools and Documentation DVD ISO – versions prior to 11.1.0.0

For more information on these updates, you can follow these URLs:

- Dell Security Advisory DSA-2025-031
- Dell Security advisories and notices

The Guyana National CIRT recommends that users and administrators review this update and apply it where necessary.
