ADV2024_01 Cisco Security Advisory (12th January 2024)

Cisco has published a security advisory to address vulnerabilities affecting the following products on the 10th of January 2024. It is recommended that you take the necessary precautions to ensure your products are always protected.

- Cisco Unity Connection (ISE) – versions prior to 12.5.1.19017-4 and 14.0.1.14006-5

For more information on this update, you can follow this URL:

[Cisco Unity Connection Unauthenticated Arbitrary File Upload Vulnerability](#)

The Guyana National CIRT recommends that users and administrators review this update and apply it where necessary.
