

## ADV2024\_123 Dell Security Advisory (24th April 2024)

Dell has published a security advisory to address vulnerabilities affecting the following products between April 15 and 21, 2024. It is recommended that you take the necessary precautions to ensure your products are always protected.

- Dell custom VMware ESXi – multiple versions
- Dell EMC VxRail Appliance – 8.0.x versions prior to 8.0.211
- Dell SmartFabric OS10 – version 10.5.5.8

For more information on these updates, you can follow these URLs:
