ADV2025_256 Cisco Security Advisory (August 6th, 2025)

Cisco has published a security advisory highlighting vulnerabilities in the following products on August 6th, 2025. It is recommended that you take the necessary precautions by ensuring your products are always updated.

- Cisco Identity Services Engine (ISE) – versions prior to 3.0, versions 3.1, 3.2 and 3.3
- Cisco ISE Passive Identity Connector (ISE-PIC) – versions prior to 3.0, versions 3.1, 3.2 and 3.3

For more information on these updates, you can follow these URLs:

- [Cisco Identity Services Engine Stored Cross-Site Scripting Vulnerabilities](#)
- [Cisco Security Advisories](#)

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
