ADV2024_261 Red Hat Security Advisory (31st July 2024)

Red Hat has published a security advisory to address vulnerabilities affecting the following products between July 22 and 28, 2024. It is recommended that you take the necessary precautions to ensure your products are always protected.

- Red Hat Enterprise Linux - multiple versions and platforms
- Red Hat Enterprise Linux Server - multiple versions and platforms
- Red Hat Enterprise Linux for Real Time - multiple versions and platforms
- Red Hat CodeReady Linux Builder - multiple versions and platforms

For more information on these updates, you can follow this URL:

<https://access.redhat.com/security/security-updates/security-advisories>

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
