ADV2024_241 Atlassian Security Advisory (17th July 2024)

Atlassian has published a security advisory to address vulnerabilities affecting the following products on July 16, 2024. It is recommended that you take the necessary precautions to ensure your products are always protected.

- Bamboo Data Center and Server – multiple versions
- Confluence Data Center and Server – multiples versions
- Jira Data Center and Server – multiples versions
- Jira Service Management Data Center and Server – multiples versions

For more information on these updates, you can follow this URL:

https://confluence.atlassian.com/security/security-bulletin-july-16-2024-1417150917.html

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
