ADV2025_128 HPE Security Advisory (29th April 2025)

HPE has published a security advisory to address vulnerabilities affecting the following products on April 24 and 25, 2025. It is recommended that you take the necessary precautions to ensure your products are always protected.

- HPE Telco Service Orchestrator – versions prior to v5.3.1
- HPE Telco Service Activator – versions prior to 10.3.0

For more information on these updates, you can follow these URLs:

1. https://support.hpe.com/hpesc/public/docDisplay?docId=hpesbnw04854en_us&docLocale=en_US
2. https://support.hpe.com/hpesc/public/docDisplay?docId=hpesbnw04839en_us&docLocale=en_US

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
