ADV2026_112 AMD Security Advisory (February 26th, 2025)

AMD has published a security advisory highlighting vulnerabilities in the following products on February 24th, 2026. It is recommended that you take the necessary precautions by ensuring your products are always updated.

- AMD Athlon and AMD Ryzen Processors – multiple models and versions
- AMD Ryzen Embedded Processors – multiple models and versions
- AMD EPYC and AMD EPYC Embedded Series Processors – multiple models and versions

For more information on these updates, you can follow these URLs:

- [Guest Initiated Machine Check Errors AMD-SB-7059](#)
- [AMD Product Security](#)

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
