ADV2025_64 Microsoft Edge Security Advisory (25th February 2025)

Microsoft has published a security advisory to address vulnerabilities affecting the following products on February 20, 2025. It is recommended that you take the necessary precautions to ensure your products are always protected.

- Microsoft Edge Extended Stable Channel – versions prior to 132.0.2957.171

For more information on these updates, you can follow this URL:

<https://learn.microsoft.com/en-us/DeployEdge/microsoft-edge-relnotes-security#february-20-2025>

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
