# ADV2024_342 Drupal Security Advisory (October 7th, 2024)

Drupal has published a security advisory highlighting vulnerabilities in the following product on October 2nd, 2024. It is recommended that you take the necessary precautions by ensuring your products are always updated.

- Two-factor Authentication (TFA) module – versions prior to 1.8.0

For more information on this update, you can follow this URL:

- [Two-factor Authentication (TFA) - Critical - Access bypass - SA-CONTRIB-2024-043](#)

The Guyana National CIRT recommends that users and administrators review this update and apply it where necessary.
