ADV2025_118 VMware Security Advisory (3rd April 2025)

VMware has published a security advisory to address vulnerabilities affecting the following products on April 1, 2025. It is recommended that you take the necessary precautions to ensure your products are always protected.

- VMware Aria Operations – version 8.x
- VMware Cloud Foundation – versions 5.x and 4.x
- VMware Telco Cloud Platform – versions 5.x, 4.x and 3.x
- VMware Telco Cloud Infrastructure – versions 3.x and 2.x

For more information on these updates, you can follow this URL:

<https://support.broadcom.com/web/ecx/support-content-notification/-/external/content/SecurityAdvisories/0/25541>

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
