

ADV2026_202 Symantec Security Advisory (April 1st, 2026)

Symantec published a security advisory highlighting vulnerabilities in the following product on March 30, 2026. It is recommended that you take the necessary precautions by ensuring your product is always updated.

- Symantec Data Loss Prevention (DLP) Windows Endpoint – versions prior to DLP 16.1 MP2 and DLP 25.1 MP1

For more information on this update, you can follow this URL:

- [Symantec Data Loss Prevention Security Update](#)

The Guyana National CIRT recommends that users and administrators review this update and apply it where necessary.
