ADV2024_291 Atlassian Security Advisory (22nd August 2024)

Atlassian has published a security advisory to address vulnerabilities affecting the following products on August 20, 2024. It is recommended that you take the necessary precautions to ensure your products are always protected.

- Bamboo Data Center and Server – multiple versions
- Confluence Data Center and Server – multiple versions
- Crowd Data Center and Server – multiple versions
- Jira Data Center and Server – multiple versions
- Jira Service Management Data Center and Server – multiple versions

For more information on these updates, you can follow this URL:

https://confluence.atlassian.com/security/security-bulletin-august-20-2024-1431535667.html

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
