ADV2026_178 Dell Security Advisory (March 23rd, 2026)

Dell published a security advisory highlighting vulnerabilities in the following products between March 16 and 22, 2026. It is recommended that you take the necessary precautions by ensuring your products are always updated.

- Dell Policy Manager for Secure Connect Gateway – Appliance – versions prior to 5.32.00.18
- NetWorker – version 19.14
- NetWorker – versions 19.9 to 19.13.0.2
- PowerSwitch Z9664F-ON – versions prior to 3.54.5.1-11

For more information on these updates, you can follow these URLs:

- [Dell Security advisories and notices](#)

The Guyana National CIRT recommends that users and administrators review these updates and apply where necessary.
