

ADV2026_183 VMware Security Advisory (March 24th, 2026)

VMware published a security advisory highlighting vulnerabilities in multiple products on March 20, 2026. It is recommended that you take the necessary precautions by ensuring your products are always updated.

For more information on these updates, you can follow this URL:

- [Security Advisories - Tanzu](#)

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
