ADV2025_138 Citrix Security Advisory (30th May 2025)

Citrix has published a security advisory to address vulnerabilities affecting the following products on May 27, 2025. It is recommended that you take the necessary precautions to ensure your products are always protected.

- XenServer VM Tools for Windows – versions prior to 9.4.1

For more information on these updates, you can follow this URL:

https://support.citrix.com/s/article/CTX692748-xenserver-and-citrix-hypervisor-security-update-for-cve202527462-cve202527463-cve202527464?language=en_US

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
