## ADV2025\_164 HPE Security Advisory (June 27th, 2025)

HPE has published a security advisory highlighting vulnerabilities in the following product on June 24th, 2025. It is recommended that you take the necessary precautions by ensuring your products are always updated.

- HPE OneView for VMware vCenter with Operations Manager and Log Insight – versions prior to v11.7

For more information on this update, you can follow these URLs:

- [HPE Security Bulletin - hpesbgn04876en\\_us](#)
- [HPE Security Bulletin Library](#)

The Guyana National CIRT recommends that users and administrators review this update and apply it where necessary.
