Guyana National Computer Incident Response Team

## ADV2026\_206 Drupal Security Advisory (2nd, April 2026)

Drupal published a security advisory highlighting vulnerabilities in the following product on April 1st, 2026. It is recommended that you take the necessary precautions by ensuring your product is always updated.

- SAML SSO - Service Provider – versions prior to 3.1.4

For more information on this update, you can follow these URLs:

- [SAML SSO - Service Provider - Critical - Authentication bypass - SA-CONTRIB-2026-031](https://www.drupal.org/sa-contrib-2026-031)
- [Drupal Security Advisories](https://www.drupal.org/security)

The Guyana National CIRT recommends that users and administrators review this update and apply it where necessary.
