# ADV2024_366 Atlassian Security Advisory (18th October 2024)

Atlassian has published a security advisory to address vulnerabilities affecting the following products on October 15, 2024. It is recommended that you take the necessary precautions to ensure your products are always protected.

- Bitbucket Data Center and Server – multiple versions
- Confluence Data Center and Server – multiple versions
- Jira Service Management Data Center and Server – multiple versions

For more information on these updates, you can follow this URL:

https://confluence.atlassian.com/security/security-bulletin-october-15-2024-1442910972.html

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
