ADV2024_86 Red Hat Security Advisory (27th March 2024)

Red Hat has published a security advisory to address vulnerabilities affecting the following products between March 18 and 24, 2024. It is recommended that you take the necessary precautions to ensure your products are always protected.

- Red Hat CodeReady Linux Builder – multiple versions and platforms
- Red Hat Enterprise Linux – multiple versions and platforms
- Red Hat Enterprise Linux for Real Time/for NFV – Telecommunications Update Service 8.4 x86_64
- Red Hat Enterprise Linux Server – multiple versions and platforms

For more information on these updates, you can follow this URL:

https://access.redhat.com/security/security-updates/security-advisories

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
