ADV2024_206 Fortinet Security Advisory (June 20th, 2024)

Fortinet has published a security advisory highlighting vulnerabilities in the following products on June 11, 2024. It is recommended that you take the necessary precautions by ensuring your products are always updated.

- FortiClient (Windows, Linux and Mac) – 6.4 (all versions), 7.0 (all versions), 7.2.0 through 7.2.4 and 7.4.0

For more information on these updates, you can follow this URL:
https://www.fortiguard.com/psirt/FG-IR-24-170

The Guyana National CIRT recommends that users and administrators review these updates and apply it where necessary.
