ADV2025_385 Dell Security Advisory (October 21st, 2025)

Dell has published a security advisory highlighting vulnerabilities in the following products between October 13th and 19th, 2025. It is recommended that you take the necessary precaution by ensuring your products are always updated.

- Dell AMD-based PowerEdge Server – multiple versions and models
- Dell AX System for Azure – versions prior to 2509
- Dell Connectrix MDS – versions prior to 9.4 (3a)
- Dell Integrated System for Microsoft Azure Stack Hub 16G and 14G – versions prior to 2508
- Dell Networking OS10 – versions prior to 10.6.0.6
- Dell PowerEdge T40 – versions prior to 1.21.0

For more information on these updates, you can follow this URL:

- Dell Security advisories and notices

The Guyana National CIRT recommends that users and administrators review these updates and apply it where necessary.
