

ADV2024_389 Drupal Security Advisory (26th November 2024)

Drupal has published a security advisory to address vulnerabilities affecting the following products on November 20, 2024. It is recommended that you take the necessary precautions to ensure your products are always protected.

- Drupal core – versions prior to 7.102

For more information on these updates, you can follow this URL:

<https://www.drupal.org/sa-core-2024-005>

The Guyana National CIRT recommends that users and administrators review these updates and apply them where necessary.
